Google Ads Search Campaign – Summary Report

Doorstep appliance repair · Bangalore, India

Reporting period: Sep 17 – Oct 1, 2026

Executive Summary

Both campaigns, Sep 17 – Oct 1, 2026

64

Phone calls

₹97

Cost per call

4.43K

Impressions

₹6,209

Total spend

Key takeaways

- The main ad turned 93 clicks into 16 call conversions at ₹36.21 per click: a strong 17.20% conversion rate for local services.
- One phrase-match keyword, "appliance repair service", drove 64% of keyword spend and most calls.
- The second campaign is weaker: ₹568 per conversion, nearly 3x the main ad.
- Across both campaigns the account recorded 64 phone calls from 4.43K impressions.
- Next step: trim wasted spend on zero-conversion PIN codes and keywords, then scale what converts.

Approach Description

How the campaign was set up

GoFix Appliances offers doorstep repair for TVs, washing machines, ACs and refrigerators in Bangalore. I ran Google Search ads to reach people at the moment they search for a repair, when intent to book is highest.

1

Search intent

Keywords target repair searches by appliance and service, e.g. "appliance repair service" and "washing machine service bangalore".

2

Local targeting

Ads are limited to Bangalore PIN codes, with a +40% bid adjustment to win more auctions in the service area.

3

Call-first ads

Responsive search ads carry a clear call message, call assets and sitelinks (Washing Machine, AC, TV, Contact).

Marketing Objective & KPIs

What the campaign needed to achieve

Ultimate goal

Get customers to book appliance repair services with GoFix.

Campaign objective

Generate phone-call leads from people searching for repair in Bangalore.

Primary KPI

Number of conversions (phone calls).

Supporting KPIs

Cost per conversion, conversion rate, CTR and average CPC.

Key Results – Main Campaign

Ad A: "GoFix Appliances | Tv repair in bangalore"

2,969

Impressions

93

Clicks · 3.13% CTR

16

Conversions · 17.20% conv. rate

₹36.21

Avg. CPC

₹3,368

Total cost

₹210.49

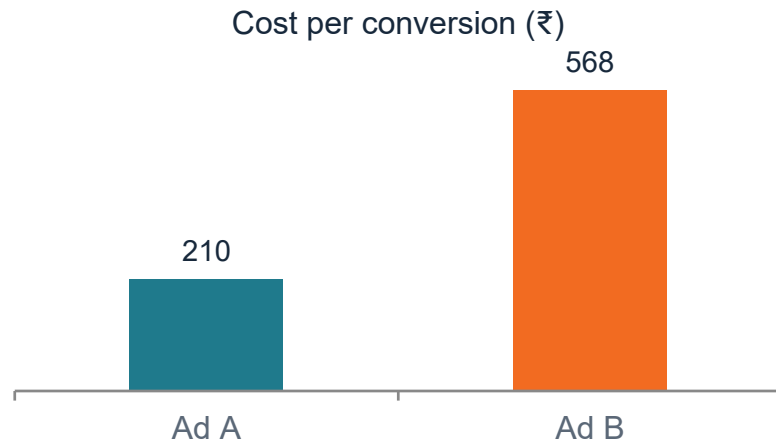

Cost per conversion

A 17.20% conversion rate is strong for a local-service lead campaign; the low ₹36 CPC kept cost per call near ₹210.

Ad Comparison

Ad A converted ~3x more efficiently than Ad B

Metric	Ad A	Ad B
Impressions	2,969	1,466
Clicks	93	60
CTR	3.13%	4.09%
Avg. CPC	₹36.21	₹47.35
Cost	₹3,367.90	₹2,841.02
Conversions	16	5
Conv. rate	17.20%	8.33%
Cost / conv.	₹210.49	₹568.20

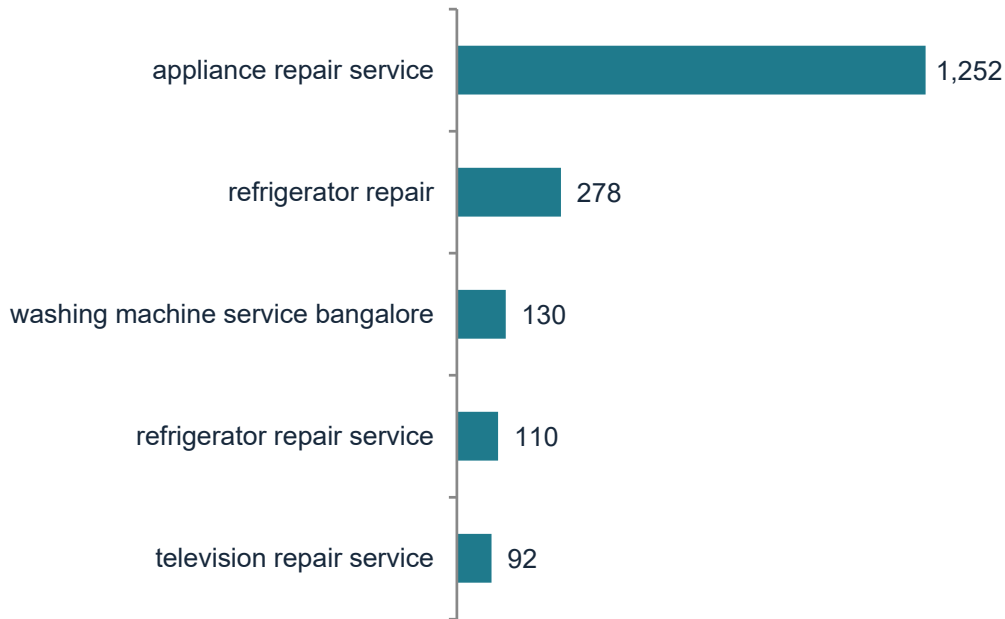

- Ad B has the higher CTR but a higher CPC and only 5 conversions: it is weaker at closing the lead.
- Both campaigns together: 153 clicks, 64 phone calls, 21 conversions, ₹6,208.92 spend, ₹295.66 per conversion.

Keyword Performance

Keyword view: 46 clicks, 1,565 impressions, ₹1,960.16, 13 phone calls

Cost by keyword (₹)

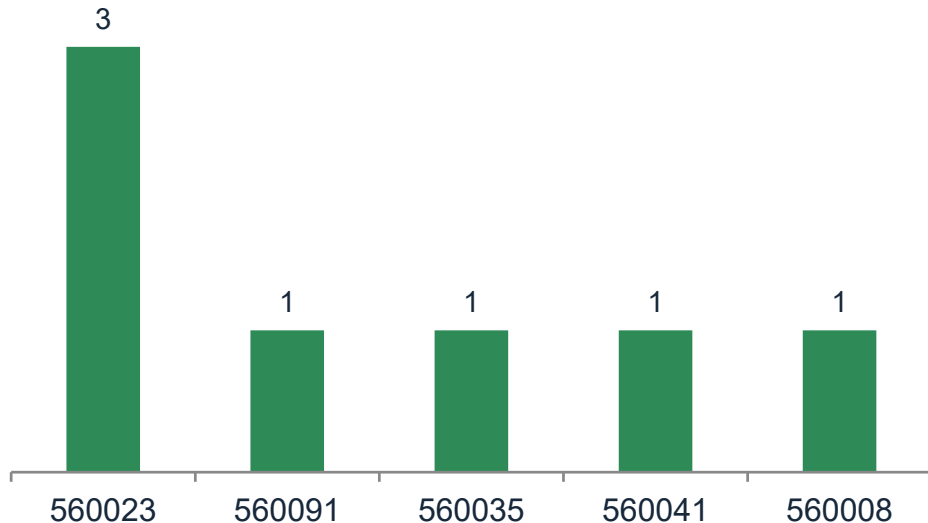

- "appliance repair service" (phrase) is the winner: 26 clicks, 7.24% CTR, 8 calls, 23.08% conv. rate, and 64% of keyword spend.
- "washing machine service bangalore": 50% conv. rate but only 3 impressions.
- "refrigerator repair" (phrase): 324 impressions, 8 clicks, ₹278 spent, 0% conv. rate. Review it.

Location Performance

Bangalore PIN codes (bid adjustment +40% on all)

Conversions by PIN code (top 5 visible)

- 560023 is the best PIN: 3 conversions at ₹47.19 each, 100% conv. rate.
- 560041 (₹35.05) and 560035 (₹49.76) also convert cheaply.
- 560049 spent ₹198 (85 impr., 2 clicks) with 0 conversions.
- Visible PINs with spend but no conversions total ₹439.60 (~13% of cost).
- Totals: 93 clicks, 16 conversions, ₹210.49 per conversion. The screenshot shows only part of the PIN list.

Campaign Evaluation

What worked and what to improve

What worked

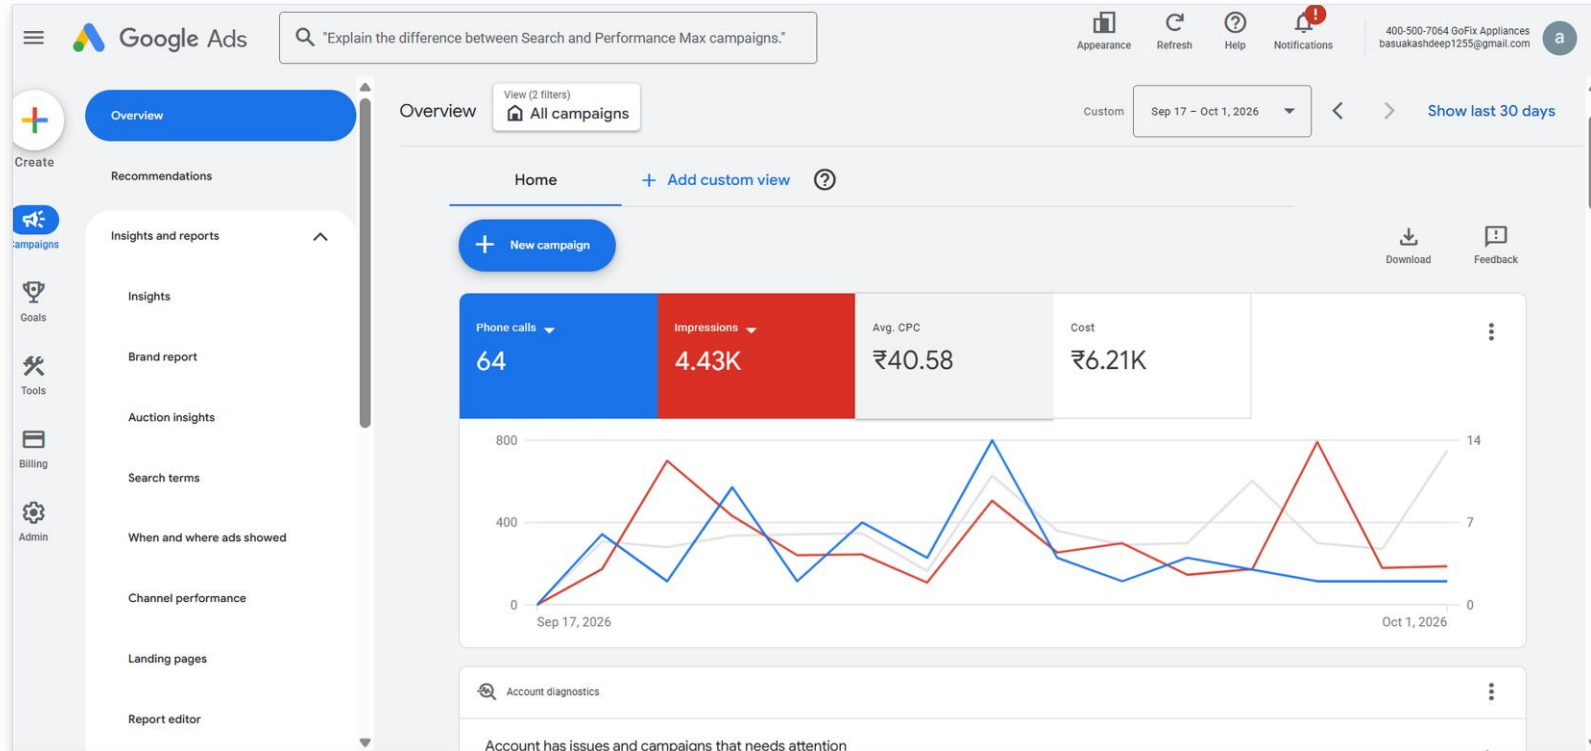

- 16 conversions at ₹210 each, 17.20% conversion rate
- Healthy 3.13% CTR on the main ad
- Phrase-match service keyword drove most calls
- Strong PINs (560023, 560041) convert cheaply
- Call assets and sitelinks supported phone leads

What to improve

- Ad B: only 5 conversions and ₹568 per conversion
- Spend concentrated in one keyword (64%)
- Refrigerator and TV terms spend with no conversions
- Low-volume keywords give thin data
- Zero-conversion PINs absorb budget
